

Amanda Winley Nominating for Treasurer, Pearl Beach Progress Association

I am a chartered accountant with over twenty-five years of experience in industry, practice, and government. I have strong credentials in tax and compliance having worked as an auditor, financial controller and tax specialist with positions based in Australia and England.

I have the skill set the association needs to continue to provide accurate and meaningful financial reports, manage the cash flows, ensure invoices are being issued, recorded and paid and recognise opportunity when actions can be performed better, faster and smarter.

In October 2022 I was elected as Treasurer. Taking this position gave me the opportunity to give back by working for and with the community. Achievements over the past year include upgrading our accounting software, introducing new payment methods, presenting monthly financial reports at the general meetings and working with an executive team dedicated to delivering on the three objectives of the association.

My nomination for Treasurer will allow me to build upon the experience gained and systems put in place from the past year to guide the association through the next 12 months with a careful and considered approach.

To me, Pearl Beach is the jewel of the Central Coast. My passion for Pearl Beach has only grown over the past few years and I am dedicated to contributing back to this wonderful community
