

CATHERINE LANCASTER

I have lived at Pearl Beach since 1999. For the first 10 years I worked as the solicitor for Wyong Shire Council (now amalgamated with Gosford to form Central Coast Council) - this experience would be invaluable to the Association.

I would like to assist in applying for grants which are a large and vital part of the Association's income. Further, I would be comfortable assisting in the navigation of the many laws, rules and procedures which the Association may face.

I am passionate about preserving the special environment that we are so lucky to enjoy! I believe that my experience as a prosecutor will be of great assistance as I know what councils and departments can do to support environmental endeavours and have a good understanding of the planning framework.

My interest in fostering community groups (some groups dwindled over the Covid years) has led to the formation of the Lunch Club - in a few weeks it will have its first meeting at the Pearl Beach Community Memorial Hall.
