The Beatles Rebooted is a world class extravaganza designed for theatres and special events. An incredible band and strings section (nine musicians) is coming to the Pearl Beach Arboretum a unique and beautiful bushland location, situated on the Central Coast on Saturday 7 Oct at 2.30pm.

You won't believe your ears, the harmonies will blow you away. Part art and part rock n roll, this show takes you on a magical journey. From the psychedelia of Strawberry Fields and Come Together to the haunting beauty of Yesterday and Eleanor Rigby, you will believe the Beatles have actually been rebooted.

All the favourites will be performed by some very talented musicians. Come and enjoy this unique music event. In the first half of the show, we meet the Beatles in their rock n roll Twist and Shout cavern days. After intermission, the mood gets trippy. It's also exactly how The Beatles intended them to be heard.

The Pearl Beach Progress Association and the Pearl Beach Arboretum are not-for-profit community-based organisations which rely on revenue from events and activities to manage overheads and upkeep.

Don't miss out on this unique musical opportunity. Patrons are encouraged to come early and bring a chair, rug, picnic and drinks.
