

**Dr John Irvine Book Launch
Pearl Beach Memorial Hall
Sunday 28th July 2.30pm for 3pm**

We all know Dr John Irvine but have you heard about his new book? **'80 Stories High'**. You are invited to his book launch and enjoy a conversation between him and Patrick Brennan from the Central Coast Conservatorium at the Pearl Beach Memorial Hall on Sunday 28th July at 2.30pm.

Dr John Irvine as one of Australia's most seen, heard and read paediatric psychologists has had a lifetime connection with Pearl Beach and we are delighted that he is launching his book at the Pearl Beach Memorial Hall. His new book is a reassuring collection of stories of ordinary kids, colleagues, parents, grandparents and celebrities achieving extraordinary outcomes for those they love with incredible humour, humility, kindness, forgiveness, resilience, faith and hope.

The stories are deliberately intended to be light, bright, reassuring and easily read. Dr John hopes you enjoy reading the stories as much as he enjoyed writing them. The 80 stories in the book are an acknowledgement of his own 80 years.

80 Stories High will be available to purchase at \$34.99 with all proceeds donated to the Dementia Association, also enjoy guest performances by Central Coast Conservatorium piano students. **Tickets \$10, BYO drinks and nibbles. Bookings recommended 4344 2319.**
