

WELCOME TO THE PEARL BEACH COMMUNITY

Welcome to our community. We are a community of people who are closely linked by common attitudes and a common delight in the wonders of nature.

The National Trust of Australia has recognised the special qualities of this environment by classifying the whole of the Broken Bay Entrance area, including Pearl Beach and its village, as a landscape conservation area. The village has won repeated recognition by the Keep Australia Beautiful Program.

We hope you will enjoy your time here in harmony with the peace and beauty of the environment.

We invite you to join the Pearl Beach Progress Association as a member or a friend and participate in our Calendar of Events and regular monthly meetings.

Our year is full of events and activities and our community is made up of many who volunteer at these events and make them very successful.

Many of the events are held in our Memorial Community Hall which was built in 1949 and is solely owned by the Association. The upkeep and maintenance of this hall is the responsibility of the community.

VITAL SURVIVAL STEPS IN THE EVENT OF A FIRE OR EVACUATION

- ✓ Dress in protective clothing, long sleeves & sturdy footwear. Avoid synthetics.
- ✓ Close all doors (external & internal), windows and shutters.
- ✓ If possible, take down all blinds & curtains otherwise leave open.
- ✓ Turn off gas & power. (Gas bottles to be faced outwards away from the house).
- ✓ Follow your bush fire survival plan (brochure provided by the RFS or obtained through your Neighbour Alert Street Contact).
- ✓ Take plenty of water, any medication/s, mobile phone + charger, portable radio, torch with batteries, candles, matches.
- ✓ Proceed to the safe assembly point on the beach near the amenities block.
- ✓ After the fire passes, check around & under the house for any residual spot fires and glowing embers.
